FIVE CENTS THE COPY

ROFF MAN'S TRIAL NOW IN PROGRESS

Frank McClintock Charged
With Murder of George
Martin.

The preliminary trial of Frank McClintock of Roff, charged with the murder of George Martin at Roff on the night of May 2, is in progress in the district court room, before Justice H. J. Brown today.

Martin was found lying between the seats of his automobile in a park near the city of Roff, about 10 p. m. the night of May 2, by officers who were called to investigate some gunshots which were said to have been fired in the vicinity of the McClintock home. He was bleeding from five wounds in the body and died from one of them in the hospital here, a few hours later, after having said a number of times that McClintock had "murdered" him.

Before the body of Martin was found, officers testified that Frank McClintock came to them and gave himself up, saying that he had shot Martin in self defense. He was brought to Ada that night and placed in jail, where he has been held for trial.

Jeff Scott, Ira Carson and W. T. (Pink) Ray told on the witness stand this morning of being in the vicinity of the McClintock home, when the shots were fired. They heard a man groan a number of times. They heard a car start in front of the McClintock home, a few minutes later and could see the bulk of the car as it drove rapidly away, going east three blocks and then turning south, in the direction of the park in which the almost lifeless body of Martin was later found. They heard a man groaning in the car as it passed them, a block away, but could not see any of the occupants of the car. They went to the McClintock home and found the house deserted, the doors open and the electric lights still turned on. They went to the main part of Roff and told City Marshal Bunyard what they had seen and while they all were trying to get a car ready to start on an investigation McClintock came up to the car and, according to the four witnesses, informed Mr. Bunyard that he had "shot" Martin in self defense and placed him in his car and started the car for him. He gave the officers no other details of the trouble between he and Martin.

Martin, according to the witnesses, said a number of times that McClintock had "murdered" him in cold blood, but would give them no insight into the trouble between them. He said he had not driven the car from McClintock's home to the park, but refused to say who had driven it. He is said to have told the officers that he had about \$300 in his pocket book when he was shot. The pocket book was found in the car, containing 35 cents in change. A .39 calibre pistol was also found in the car. The gun was loaded all around and Mr. Bunyard testified that apparently it had not been fired since it was cleaned.

But four of the state's witnesses testified at the morning session, and the case was resumed, with the cross examination of Mr. Bunyard by the defendant's attorney at 1:30 p. m. A number of witnesses are here from Roff to testify for the state in the case and more than a hundred other persons from that city are in attendance to hear the testimony.

No announcement has been made as to whether the defendant will place any witnesses on the stand or take the stand himself. County Attorney Wayne Waddington is handling the state's case and Attorney Arden Bullock of Roff represents the defendant.

BODY OF MURDERED MAN FOUND IN CREEK

(By the Associated Press)
CARTHAGE, Mo., May 12.—The body of William Spain, taxicab driver, who has been missing since early Monday morning, when his blood stained car was found abandoned on a lonely road, was found this morning in North Creek, ten miles northwest of here by a searching party. The place where the body was found is near the point where Earl Tucker, charged with Spain's murder, told the Joplin police and county officials in an alleged statement last night, that the body was thrown into the creek, after Spain had been murdered.

It is the duty of every Christian woman to look as nice as she is able, but not in a spirit of competition with other women.—Dr. Rosslyn Bruce.

The two favorite occupations of savages—dancing and looking at pictures—are the two favorite occupations of what is known as modern civilization.—S. A. Alexander.

7 PAPER MILLS CEASE OPERATION

Men Want Wages Raised
but Mill Owners Seek
Reduction.

(By the Associated Press)
NEW YORK, May 11.—Seven large paper mills in the United States and Canada, employing approximately 9,000 men, shut down today because of failure of workers and owners to sign new agreements to replace those which expired last night.

Difference as to Wages
The men asked for a wage increase of 10 per cent, while the manufacturers sought a reduction of 30 per cent and the adoption of a nine-hour day.

The unions, the Labor Bureau Inc., stated were keeping sufficient men at the plants to furnish the fire protection and guard the property. According to the bureau, this policy would be continued unless the companies attempted to operate the mills with strike breakers.

Come to Normal at 6:30.
In yesterday's News the May Day festival was announced and in the announcement a statement was made that the program would start at 5:30. This was a slight error as the program will begin at 6:30 sharp and all are most cordially invited to be present at that time. It will take about an hour for the program and those who have other engagements will be able to see the celebration and the other work also.

FIRST COUNT IS SET ASIDE IN RED CASES

(By the Associated Press)
ST. PAUL, Minn., May 12.—The United States circuit court of appeals today set aside the first of the four counts in the indictment on which 25 members of the I. W. W. were convicted and sentenced to varying terms in the Leavenworth prison from the federal district court of Kansas. The three other counts in the indictment are held valid. The first count which is found faulty, charges conspiracy to hinder the execution of six different acts of congress and presidential proclamations intended for the carrying out of the government war program.

A STRANGE CULT IS PUZZLE TO JAPANESE

(By the Associated Press)
TOKIO, May 12.—Revelations of the work carried on by the "Omoto-kyo" cult, which began when the police raided the headquarters of the organization at Ayabe, near here, continued to astound the people of the Empire. Newspapers accuse leaders of the cult of aspiring to set up an "Omoto-kyo" dynasty, to which all Japanese will flock with the hope of attaining world dominion.

It is declared that "unspeakable crimes" were committed against women by members of the cult, who are said to have bordered on fanaticism in their zeal. Cart loads of alleged seditious literature have been seized, including a famous volume bearing the title of "fire." This volume is interpreted as embodying projects of a social upheaval of a "dreadful nature" and incompatible with the present government of Japan.

JUDGE LINDSAY WILL PAY FINE AND END CASE

(By the Associated Press)
DENVER, Colo., May 12.—Colonel Ben B. Lindsay, judge of the Denver juvenile court, will end a five year controversy here today when he pays a fine of five hundred dollars and costs, assessed upon him following his conviction of charges of contempt of court. Judge Lindsay announced today his decision to pay the fine and end the case.

Judge Lindsay was adjudged in contempt by Judge Perry of the district court in 1915, when he refused to divulge what Neal Wright, a 14 year old juvenile court ward, had told him about the murder of the lad's father. The boy's mother was tried for the murder and acquitted. The judge refused to obey the court order because he said if he testified he would be betraying the confidence of a child.

The head-hunting Dyaks of Borneo are some of the finest fellows in the world. They never tell lies and never steal.—Dr. Carl Lumholtz, Norwegian Explorer.

IN THE SPRING OF BUSINESS REVIVAL A CAPTAIN OF INDUSTRY'S FANCY LIGHTLY TURNS TO THOUGHTS OF LOVE

CLARA SMITH ESTATE CLAIM

Efforts Made to Secure Her
Part of the Hamon
Estate.

(By the Associated Press)
LOS ANGELES, May 12.—A settlement was affected today by which Clara Smith Hamon relinquished all claim to the estate of Jake L. Hamon of whose alleged murder she was recently acquitted by an Oklahoma jury. It was announced by her attorney J. B. Champion.

"An agreement," Mr. Champion said, "has been signed between Frank L. Ketch, administrator of the estate of Jake L. Hamon and Clara Smith Hamon, whereby in consideration of ten thousand dollars cash, she relinquished all claim to the estate of Hamon. The agreement recognized as valid certain rights which the record show are vested in her.

These are specified royalties and leases in the Hewitt Oil Company in the Healdton oil field, and other interests in which Clara Smith Hamon is now drawing revenue. These interests are recognized in documents signed by Jake Hamon.

The attorney said present revenues from these holdings were ample to take care of his client.

(By the Associated Press)
LOS ANGELES, Calif., May 12.—A claim of Clara Smith Hamon against the estate of Jake L. Hamon of whose alleged murder she recently was acquitted by an Oklahoma jury, was in process of settlement today, it was stated by J. B. Champion, attorney for the claimant.

"The settlement expected will be effected sometime today," the attorney said. "The negotiations," he added, "have proceeded on the basis of payment of ten thousand dollars in cash and recognition by the estate of certain assignments and contracts by which Hamon was declared to have made over all rights to Clara Smith Hamon."

Judge C. W. Ellis of Santa Ana, California, conducted the negotiations with Mr. Champion as the representative of his son, Fred Ellis of Ardmore, attorney for Mrs. Jake L. Hamon, of Chicago, the widow.

To Broadway Residents.
Residents along South Broadway are urged to meet at the lobby of the Evening News at 8 o'clock this evening for the purpose of discussing the kind of paving to be built on this street. Don't fail.

If the Kaiser had been forced to dance jazz, the world catastrophe would have been impossible.—Dr. Siemens, German Music Critic.

Last Minute Telegraph

State Convicts Escape
(By the Associated Press)
HUNTSVILLE, Texas, May 12.—More than a score of state convicts, many of them armed, mutinied today, stormed the arsenal, shot two guards and fled.

Radium Still Missing
(By the Associated Press)
CHICAGO, May 12.—The six thousand dollar tube of radium which was lost in an elevated train in Chicago and which was reported found by a Kansas City girl, is still missing, the local representatives of the insurance company handling the adjustment announced today.

FARMER PROCTOR KILLS FARMER KNOX YESTERDAY

(By the Associated Press)
CEYENNE, Okla., May 12.—James Proctor, a farmer, is in jail here in connection with the killing yesterday of John Knox, also a farmer. Knox was shot from ambush while feeding hogs on his farm. Proctor was arrested last night by Sheriff Trammel, officials declare their belief that fear of being involved in an old assault charge lodged against Knox, was Proctor's motive for committing the crime.

Knox, at the time the charge was made, declared he was the victim of a conspiracy to shield another.

OKLAHOMA WEATHER.

Tonight generally fair. Friday cloudy, local rains and cooler.

MORE DRILLING NOW IN SIGHT

Lowery Predicts That Several
Tests Will Be
Started Soon.

G. A. Lowry, who returned today from a business trip to Muskogee stated to the News reporter that a deal has been made with associates who will start operations at once for two more wells which will be drilled in different directions from the discovery well, and that the materials for these wells would arrive here the last of this week, or the first of next week.

Mr. Lowry stated that by the end of the month of May the Carter-Nance-Laselle organization, will, with their associates, have more than ten rigs of their own racing for the Carsell sand.

W. H. Abernathy stated today that deals are about to be closed, involving some close-up acreage to the discovery well. These deals are being made with operators from the Electra, Muskogee and Wichita Falls fields. With the closing of these deals it means that there will be six more rigs that will arrive here four of which will be rotaries and two standards. It is the intention of the parties interested to start their operations immediately and they are preparing for one of the largest drilling campaigns that will invade the Ada field.

With the information from the above parties, this means that the Ada field will have the appearance of an oil field in the next few weeks and that in about two months time the bringing in of an oil well will be as common as sight as the bringing in of a load of cotton to own today.

New Warden for Atlanta
(By the Associated Press)
WASHINGTON, May 12.—J. E. Dyche, of Oklahoma City, will be appointed warden of the Federal penitentiary at Atlanta, Georgia, effective June 30, attorney general Daugherty announced today. He will succeed Fred G. Zerbst.

WASHINGTON, May 12.—Mr. Dyche, the attorney general said, was campaign manager for the late Jake Hamon of Oklahoma. He added that this appointment would smooth out a serious factional fight among Oklahoma republicans.

Frank Lee was nominated by president Harding for United States attorney for the eastern district of Oklahoma. Henry Trooper was nominated to be United States Marshall for the eastern district of Oklahoma.

Other nominations included Victor M. Locke, Jr., of Antlers, Oklahoma, to be superintendent of the five civilized tribes in Oklahoma.

None can be free who is a slave to, and ruled by, his passions.—Pythagoras.

APPROPRIATION BILLS UP AGAIN

Oklahoma Law Makers Still
Mark Time With Little
Results.

(By the Associated Press)
OKLAHOMA CITY, May 12.—The house of representatives of the Oklahoma legislature plans today to work on the departmental appropriation bill. Consideration of the measure was delayed yesterday by failure of the house to receive printed copies of the bill. Delivery of these has been promised early today.

The house yesterday passed a resolution calling on the state board of affairs for a detailed statement of the disposition of an appropriation of two hundred thousand dollars for capitol improvement and beautification, passed by the seventh legislature. The resolution also asked for a report on the sale of capitol lands.

The senate yesterday perfected seven house bills and adjourned without passing any measures.

Seven senate bills and four house bills were passed by the house yesterday, included was an appropriation of \$317,000.00 for state aid to public schools and another for \$10,000.00 for the summer school at the University of Oklahoma.

SWITCHMEN'S UNION MEETING IN TOLEDO

(By the Associated Press)
TOLEDO, Ohio, May 12.—Unrests during the last year in the ranks of railroad labor were to be considered today by the delegates attending the triennial convention of the switchmen's union of North America, now in session here.

Representation of Switchmen in the strike last spring under the direction of what then was the Chicago Yardmen's association was discussed in groups.

The organization under a new name is said to be still recruiting its forces from ranks of switchmen and other employees in the operating end of the railroads.

RAILROAD UNION'S CHARGES FALL DOWN

(By the Associated Press.)
CHICAGO, May 12.—The railroad union today formally admitted before the railroad labor board that it had failed in its effort to prove authenticity of a letter alleged to have been written by Pennsylvania railroad officers, denouncing defamatory labor organizations, if necessary, in obtaining defamatory information and requested permission to withdraw the letter from the board's record.

The admission was made by Frank Walsh, counsel for the railroad union, who arrived during the hearing. It came after I. W. Gear, general manager of the southwestern system of the Pennsylvania railroad, who was alleged to have written the letter, and other persons connected with the road, had denied knowledge of it.

JUDGE WESTSCOTT DENIES THAT HE AIDED BERGDOLL

(By the Associated Press)
WASHINGTON, May 12.—Judge John W. Westcott, of New Jersey, reappeared today at his own request before the house committee investigating the escape of rover Cleveland Gerdoll, Philadelphia draft dodger, to reiterate that he had never served at any time as counsel for the slacker. Bringing with him his wife and son and other witnesses, Judge Westcott said they were present, that after being asked to assist in the Gerdoll defense, he had consulted them and it was of their advice that he refused the offer of employment made through the late Clarence Gibbons, a Philadelphia lawyer.

DEVEREUX DIES; DRUG IS CAUSE

Judge Never Regains Con-
sciousness From Gash
Over Eye.

TULSA, Okla., May 11.—Judge John Devereux, aged and well known jurist and a former member of the Oklahoma supreme court, died at 9:30 o'clock Wednesday from a mysteriously received wound on the head and from illness his physicians believe was caused by a drug. He has never regained consciousness after being found with the gash over his right eye in a room at a local hotel at midnight Monday in company with two women who are now held in jail, one of whom had been serving him in the capacity of nurse for the last two weeks.

W. F. Seaver, county attorney, announced shortly after Judge Devereux died that he had ordered an autopsy to be made by Doctor Traylor and Dr. Ralph B. Smith, and any action that his office would take would await the report.

The judge died without being able to speak since midnight Monday, when he was found by friends at a room in a hotel on North Main street in company with two women, Goldie Gordon and Mrs. Jesse James, both of whom are now being held in jail, and M. M. McKellop, a real estate man, who was not detained. The latter woman has been attendance on the judge for the last two weeks as his nurse.

With the judge's death it is very possible that the whereabouts of a \$10,000 promissory note which was taken from his safe deposit box in the Liberty National bank last week by Mrs. James will forever remain a secret. The note was made out to Judge Devereux and signed by Bird S. McGuire, the judge's law partner and prominent Oklahoma politician. Mrs. James admits that she went to the safety deposit box and got the note, but says that she turned it over to the judge and has not seen it since.

All day Wednesday officials and friends of the judge, who was laying unconscious at his rooms, were searching for the note. All of his personal effects were gone through, but to no avail. Absolutely no trace of the note has been found.

Several of the judge's friends claimed that he had several thousand dollars' worth of Liberty bonds in the deposit box and other valuable papers, but the James woman claims that when she visited the box on the authority of a written request given her by the judge that the only thing in the box was the note. There were no bonds or other papers, she claims.

"When I gave the note to the judge," she says, "he smiled and said that he had sent his other papers to a bank in New York. However, I don't know anything about that, but I do know that his box at the Liberty National was empty."

Bird S. McGuire, signer of the lost note, is reported to be on his way to Tulsa from St. Paul, Minn. His friends stated Wednesday night that he was expected to arrive in Tulsa some time Thursday morning. The investigation into the affair is being held up until McGuire arrives.

INVESTIGATION IS STARTED INTO AIRPLANE SMASH

(By the Associated Press)
LAWTON, May 12.—An investigation was started today by authorities at Post Field, Ft. Sill, into the airplane accident late yesterday which resulted in the death of two men and injured a third. Charles E. McCullough, Oklahoma City cotton broker, and sergeant Crogan were injured. Physicians early today said it was probable that Crogan would live.

The accident occurred near the military reservation when the airplane went into a tail spin and fell 300 feet.

SULPHUR TO GET T. B. HOSPITAL

(By the Associated Press)
OKLAHOMA CITY, May 12.—An agreement was reached today by the house and senate conference committee on house bill nine, appropriating three hundred thousand dollars for the erection of a tuberculosis hospital at Sulphur for former service men. The conference which has been in session since late last week, failed however to agree to senate bills 10 and 23, the other senate soldier relief measures, and the conference was ended.

Speaker George Schwabe of the house said he would appoint later in the day a new committee to continue the conference with senate representatives on these bills.

Sooner Squibs

McALESTER—The Pittsburg county educational and athletic meet will be held here April 22 and 23. The county teachers' association will hold its annual meeting at the same time.

FREDERICK—Civic organizations and the Boy Scouts will combine with the city and county officers in making a state clean-up week, April 4 to 9. The city will be divided into sections and a "squad" assigned to each.

MUSKOGEE—A suit for \$299,462 for breach of contract has been brought against an Okmulgee oil company in the United States district court here by royalties company. The oil company was originally capitalized at \$12,000.

FREDRICK—The municipal bathing pool and park, recently completed will be formally opened April 15, with appropriate exercises. The Frederick Commercial band will render a musical program.

BARTLESVILLE—Bartlesville real estate men have formed an association to be affiliated with the state and national organization. More than 30 men here enlisted.

PONCA CITY—The chamber of commerce has endorsed a movement to establish an orphan home here, where deserving orphan and dependent children may have proper care under an experience matron.

HENRYETTA—City officers, aldermen and members of the school board will be elected at the city election in April. The ticket is democratic with the exception of a republican candidate for city clerk and street commissioner.

MIAMI—A temporary organization of the Ottawa county chapter of the American Farm Bureau has been effected here. More than 200 persons attended the organization meeting.

McAlester—Candidates for aldermen and city officers will be selected at the city election to be held April 5. Party lines were not followed in the nomination of candidates.

ENID—The annual budget campaign of the Y. W. C. A. here is now being conducted. It is contemplated to increase the budget over last year's quota.

TULSA—Ward school May day exercises which will be conducted in Tulsa during the week from April 25 to 29, will culminate in a joint May day fête to be held in the Lee stadium.

NOWATA—The Nowata county track meet and educational contests will be held here April 16. This is the first time that a county track meet has been held in Nowata county.

MUSKOGEE—Muskogee county's wheat crop has been damaged 35 percent by the green bugs and the recent cold weather reduced it more than half, J. I. White, county agent estimates.

TULSA—More than 10,000 income tax returns were filed through the federal office here for the period beginning February 1, and ending March 15. H. E. Daulton, division chief, announced.

TULSA—May 1 to 7 has been designated as the week in which the city-wide building campaign will be conducted for the new \$300,000 edifice for Trinity Episcopal church.

BERWYN—A special municipal election will be held here April 5 for the purpose of selecting city officials for the next two years. A complete ticket is in the field.

Obituary

The infant of Mr. and Mrs. J. H. Downs died at their home five miles south of the city yesterday. The funeral services and interment will take place at the Rosedale cemetery today.

Numerous thefts of still are reported, and the distressing thing about it is that the owner can't advertise for their return.

Song of the Night Editor.
These are the grandest of possible stories:

Stillman and Hamon and Stokes. Filled to the brim with conspicuous glories.

Stillman and Hamon and Stokes. Crowded with nastiness, reeking with rot;

Zippy and peppy and snappy and hot;

Why should we worry as long as we've got

Stillman and Hamon and Stokes?
—F. P. A. in New York Tribune.

Waited 'Till the Cows Came Home

"I am indeed glad to write you this letter. I was a terrible sufferer from gases in the stomach and colic attacks. The specialist, our family doctor sent me to in Philadelphia, gave me no relief, although I took his medicine till the cows came home. He finally said I would have to be operated. Luckily I heard of Mayr's Wonderful Remedy then, since I took a course of it, I have never had a symptom of my old trouble since." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin & Mays and druggists everywhere. (24)

BOYS TO HOLD COUNTY TRACK AND FIELD MEET

Owing to conflicting events the track meet with the Shawnee scouts has been called off and in its place a meet will be held here for the scouts of the county and a few other neighboring towns. This meet will be held the last week in May and will be open to any scout in the county who has been a tenderfoot scout for at least two weeks, and who is registered with headquarters. The scouts of Coalgate and Stratford will probably be invited to take part in it. The events will be divided into three classes.

MANY NAMES ON CREDIT REPORT

The work credit report this month is large and better than it has ever been. Following is a list of the boys and the troops to which they belong:

Troop 1
Glenn Potts 1
Richard Simpson 26
Tom Steed 26
Robert Bowman 50
Henry Roach 50
William Roach 50

Troop 2
Otis Steed 1
Ralph Rowe 1
Ralph Shirley 1
Charles Perry 1
Grover Little 1
Charles Harwell 4
John Harris 4
Albert Jones 6
Donald Wilmoth 8
Clarence Pitts 8
Harry Evans 10

TROOP CONTEST BEGINS APRIL 1

Bugle Will Be Presented to Highest Scorers.

A troop efficiency contest will be started April 1 between all the troops of the city and it will close the last week in May. A bugle will be the prize offered and the troop making the highest score will be awarded the bugle.

T. O. Cullins, a well known news agent for the Daily Oklahoman, is giving the prize and expects to see the scouts work hard for the prize. Each troop will be inspected about May 15 by the scout commissioner, L. A. Ellison, and president of the court of honor, R. W. Simpson.

The following is the events that will count and the number of points gained by each:

Attendance, 1 point each; scouts enlisted, 5 points each; greatest number of second class scouts, 5 points each; greatest number of first class scouts, 5 points each; greatest number of new merit badges, 10 points each; troop committee present on inspection visit, 5 points each; neatness and completeness of troop record keeping, 25 points; wearing badges, 2 points

BIG TIME IS HAD BY SCOUTS AT CITY PARK

Trees Are White-Washed; Park Looks Much Better.

Assembling early after school last Friday afternoon at the Glennwood park the Ada scouts proceeded to put it in a first class condition. whitewashing the trees, cleaning the grounds and flower beds and making it look better in general. A large number of the boys were out and the afternoon was spent in hard work. After this had been done a large bonfire was built and the fun began.

Boxing, wrestling, stomp dance, plenty of

each; personal cleanliness, neatness and appearance of clothing, 5 points each.
Begin to keep the records now.

BAND TROOP WILL TOUR THE COUNTRY

Every town in the county will be visited by the Ada band troop of boy scouts in the near future. A program will be given at each place and the band troop will have a large part of it. Troops in Roff, Allen, Stonewall, Francis, Fitzhugh and Latta will award badges at these programs. The band is preparing now for the event.

BOX SUPPER IS HELD AT ROFF

Money Will Be Used on Camping Trip.

ROFF, March 31st.—(Special)—A box supper for the benefit of the camping trip to be held by the Roff scouts next summer was held in the Rialto Theater here Monday evening and a total amount of \$62.50 was taken in. This was one of the most successful events that the boys have undertaken yet and it speaks well for the interest that is being shown in them by the people of Roff.

This troop now has 24 members and is live and active. Eight of the boys are already first class and more are working on the tests. The scout authorities are to be complimented on their work here.

STONEWALL BOYS ENJOY FIRST HIKE

STONEWALL, Mar. 31 (Special)—The scouts of this place enjoyed a hike last Friday afternoon, under the supervision of Supt. Stubbs and Prof. Miller of the Stonewall school. A fine time is reported by all who went.

The Stonewall scouts are taking jobs of cleaning up the city, whitewashing trees, mowing lawns, and one troop has secured a job of excavating a storm cellar. The money earned this way will be used on the camping trip this summer.

Notice Scouts
All first class scouts will meet with their scout masters at the Harris Hotel next Tuesday at 11:15 sharp. Be present and on time.

New Law Reduces Fire Losses

NEW JERSEY, the latest State to enact a fire prevention education law, is already feeling the salutary influence of this new study in the schools, although the law went into effect only six months ago. According to H. R. Heydon, Secretary of the New Jersey State Chamber of Commerce, the law already has resulted in a reduction in the number of fires, although it requires only one hour of study each month.

"A new spirit is being shown in community neatness as a result of the lessons taught," says the New Jersey official. "For example, in one community where children had formerly scattered waste paper on the streets the nuisance has been entirely obliterated through the teachings, in the schoolrooms, that this constitutes a fire hazard. This gave the local Chamber of Commerce a new incentive and the result has been an actual reduction in the number of fires."

The new movement for teaching

by people. The plant may become a weed under some conditions. The crop does well on thin, sandy land. The nuts or tubers are planted in the spring, about two inches deep, the rows about three or four feet apart and the tubers set twelve to fifteen inches apart in the row. No cultivation is necessary usually but weeds should not be allowed to crowd out the plants. The nuts or tubers are ripe in September or October and hogs are

turned in the fields to do their own harvesting. There are very few crops equal to chufas for fattening hogs.

Hens Need Fresh Air.
"More chickens are lost each winter from overcrowding and poor ventilation than from any other cause with the exception of some contagious disease," says J. B. Hayes of the poultry department of the University of Wisconsin.

"Most people have the impression that all doors and windows must be closed in winter to keep the chickens warm, but this is a mistake.

"A draft nine times out of ten will cause a chicken to catch cold but fresh air alone never will. Their feathers were made to keep them warm. To avoid a direct draft muslin cloth should be placed in the open windows. This prevents the wind from blowing directly into the chicken house," says Mr. Hayes.

"The muslin windows should be placed above the level of the hens so that no possible draft could reach them from below.

"A well-designed house should have one square foot of floor space and one square foot of glass for each ten square feet of floor space. Each chicken should be allowed about four square feet of floor space area.

"There are ventilating systems on the market, but they have no marked advantage over the muslin cloth system, which is very inexpensive," says Mr. Hayes.

"By facing the house to the south it can be kept very comfortable in winter. The roof may be as low as seven feet in the front and slant to the rear, leaving no excess space to be heated.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

The Brotherhood of Understanding

By MARLEN E. PEW

A GENTLE child whose welfare is in my keeping, reads the newspapers and believes what they say is true. They litter the house — all sorts of newspapers.

I note with amazement how much information can be packed into a ten-year mind concerning people, things, ideas. It is interesting that serious abstract thinking, definite spiritual developments and a fine sense of discrimination between the fit and unfit are direct products of a little home girl's uncensored contact with the rough-and-ready, as it is reflected in the pages of newspapers.

It is well enough to begin at ten to realize that life is not a fairy story. The consequences of shallow romance are too pathetic. It is well enough to start early to build strong minds as well as strong limbs, to meet inevitable hard facts. I see no charm in so-called "innocence," which is mere ignorance. Ignorance is the great unpreparedness.

I think we need not fear truth in newspapers, though it often may be ugly and terrifying. More should we fear soft and subtle untruth or half-truth. Our supreme fear should concern suppression of facts—a darkness concealing snares for our feet and traps for our young.

Today's news, more than editorials or sermons, charts a safe course for those who run and read. Today's news is human experience in the concrete, capable of easy intellectual or emotional understanding and suggestive of an application to our own lives and acts. It is not true that we learn only from actual experience.

HE WHO DISTORTS THE TRUTH IN NEWSTELLING, EITHER IN MALICE OR RECKLESSNESS, IS A PUBLIC MENACE. I speak for the clean mind of a child, gathering first impressions of life. A dishonest merchant who sells her sugar does a harm which a physic can cure. Shoddy sold for wool is a mean deception, but her body can survive the chill.

Adulterated news, untruth or half-truth, presented in columns where people have a right to look for dependable, authenticated, sifted fact, strikes like a poisoned dart at the delicate tissue of her intellect with incalculable potential harm.

False mental impressions, particularly on plastic minds, are more difficult of eradication than would be the neutralization of poison in the blood. Nature causes the latter to express a definite symptom, which calls out a prescribed serum. But a germ of untruth planted in the human mind may lie concealed in subconsciousness throughout a lifetime and work its evils unnoticed by the victim.

If you create a viciously false image, in the guise of news, in the mind of my child, and if providential accident does not occur to correct the error, you may cause her feet to stray, her arm to be misdirected, her expression to be warped and faulty.

There is ugliness in the world. We should know about it! There is beauty in the world. We should be acquainted with it! There is barbarism in the world. We shall not deny it by glossing!

There is great progress, great opportunities for higher progress, great movements of reaction from progress, occasional great threats against all progress — but there is no progress except as it rises from the common understanding of the people. And there is no reaction from progress worthy of fear if the lines of communication to the people are free and flowing.

The harshest critics of newspapers are those who do not know much if anything of the system of news collection in this country, where THE DIRECTLY SUBSIDIZED OR BLINDLY PARTISAN NEWSPAPER HAS BECOME WELL-NIGH IMPOTENT THROUGH THE SLOW BUT FINE PROCESS OF PUBLIC CONDEMNATION.

Those of us who live in the atmosphere of news are conscious of the fact that no class of professional workers in the universe are more passionate seekers after truth than are newspaper men. Some of us who have had practical experience with attempts at bold, fearless and direct brass tack talk in newspapers poignantly realize that the American press usually penetrates the facts of life as deeply and rapidly as the public will bear.

Ultimately every story is written and printed. As a class we American newspaper men enjoy liberty in the realms of social and political news and are more free to deal with economics than any newspaper writers in the world.

Many, many mistakes occur in the newspapers, but ten years—five years—have witnessed a new birth of conscience among editors and publishers. Conscious misstatement of fact in news columns is recognized not only as a badge of dishonor but proof of professional incompetence.

We notice a tendency on the part of an occasional editor, particularly aged men of the "social trustee" type, to denature news, to soften it, to make it "fit," according to pious preconception. But youth knows that newspapers function best by their ceaseless portrayal of the important realities of life, forming composite public experience and a common, human understanding. Thus the mistake of one becomes the regretful experience of all. The triumphs of a few become the pride of many.

A New England village tragedy in a single day or hour becomes the common sorrow of miners, of prairie plowmen, of salmon fishers, of cotton pickers and orange growers. The sound of the telegraph instrument is now heard in small town printing offices. There is no price limit on news which the people want and need. **THE GREAT GIFT OF THE AMERICAN PRESS IS THE AMERICAN BROTHERHOOD OF UNDERSTANDING.**

The important business of life is being transacted by the young in heart. News is the product of seeing eyes, of eager hands, of swift feet, of throbbing blood and true and receptive minds. The race is too fast for any save those who yearn to serve highly and splendidly. City editors select for cubs, not sons of fathers, not "well educated" youths, not pretentious aspirants, but kids who have the glitter of cathedral builders in their eyes.

The first word of instruction is "accuracy." Without that brilliancy is futile. To write of a stranger with as much consideration as you would owe a friend is the test of journalistic honor. To challenge the powerfully strong when wrong and to defend the weak is the pride of press workers.

What are the practical facts in regard to a newspaper reputation for decency and accuracy of statement? Consult this experienced publisher of a newspaper which, in his brief life time, has become a more intimate public institution of the city in which it is printed than is the main street! What does he say?

"Our plant is worth several thousands. If it burned tonight, the paper would somehow hit the street tomorrow, and no one would care how or where we printed it. It would still be their daily. It is seven columns wide and 20 inches deep, with an average of eight pages. It might be larger or smaller, without public concern. All of the men employed on this newspaper might leave tonight and go to work on other papers, but they would leave my chief asset behind. **THE PEOPLE OF THIS CITY BELIEVE THAT THIS NEWSPAPER IS HONEST.**

"Fire or flood cannot wipe that out. It is real, for it is true. It is a foundation upon which you may build to the skies. It was gained only through painstaking accuracy in large and small matters, the publication of authenticated, checked, sifted fact in the news columns. It can be lost only through betrayal of the trust.

"Opinion in the editorial columns may be wrong or right—it is presented as opinion and may be accepted or discarded. But news is fact and he who trifles with it undermines his own pillar."

A gentle child whose welfare is in my keeping, reads the newspapers and believes what they say is true. I believe the majority of children among the twenty-three million families in the United States are likewise forming impressions from the pages of the thirty million newspapers that are distributed among them each day of the week.

To inform them and their elders aright is a responsibility which quickens the pulse of right-minded men of this craft.

As you are fair to me and to mine, so do I pledge faith to you and to yours.

Our Pledge of Fearlessness

To Tell the Truth That Sets Men Free

One every blue moon there appears on the horizon of the lives of newspaper men a challenge to keep the faith of the Brotherhood of Understanding. Such an article appeared in a recent number of *Circulation*, a magazine for newspaper makers—an article not only charged with new power and inspiration for the men who grind out the news of the world, but enlightening to the vast millions of American readers who know little of the responsibility of the news gatherers every day in the year. It is written by Marlen E. Pew, editor and general manager of the International News Service, one of the mighty news gathering agencies that help to make the newspapers what they are. Excerpts from this confession of faith and devotion for the newspaper that prints the news without color or gloss, without fear or favor, without regard to who will praise or blame it, or whether its whole clientele will damn it or shrine it high, is a fearless challenge to all concerned.

And the whole nation is concerned, as Marlen Pew conceives it. Not merely the newspaper, with its enormous, and almost dangerous, power to conceal or to rewrite or to suppress any news of the world, or the state or the community—but the expectant, the impressionable, the plastic minds of those whom the newspaper serves are concerned. No man or woman who reads Mr. Pew's article, portions of which are reprinted on this page, whether inside or outside the newspaper game, can fail to be impressed with the magnitude of the responsibility which every newspaper must shoulder in this age.

The head of the International News Service thus appraises those newspapers who distort or conceal the naked truth from the eyes of the world:

I think we need not fear truth in newspapers, though it may often be ugly and terrifying. More should we fear soft and subtle untruth or half truth. Our supreme fear should concern suppression of facts—a darkness concealing snares for our feet and traps for our young.

Today's news, more than editorials or sermons, charts a safe course for those who run and read. Today's news is human experience in the concrete, capable of easy intellectual or emotional understanding and suggestive of an application to our own lives and acts. It is not true that we learn only from actual experience.

The hardest critics of newspapers are those who do not know much, if anything, of the system of news collection in this country, where the directly subsidized or blindly partisan newspaper has become well nigh impotent through the slow but fine process of public condemnation.

In his endeavor to drive home the truth that a newspaper's honesty, its integrity, its brutal frankness in publishing the truth, the whole truth and nothing but the whole truth without fear or favor either to individual, clique or class, Marlen Pew quotes the statement of a great publisher of a newspaper which has become "a more intimate public institution of the city in which it is printed than is the main street." Here is the unflinching purpose of the publisher who will see that the truth is told though the heavens should fall:

Our plant is worth several thousands. If it burned tonight, the paper would somehow hit the street tomorrow, and no one would care how or where we printed it. It would still be their daily. It is seven columns wide and 20 inches deep, with an average of 8 pages. It might be larger or smaller without public concern. All of the men employed on this newspaper might leave tonight and go to work on other papers, but they would leave my chief asset behind. **THE PEOPLE OF THIS CITY BELIEVE THAT THIS NEWSPAPER IS HONEST.**

"Fire or flood cannot wipe that out. It is real, for it is true. It is a foundation upon which you can build to the skies. It was gained only through painstaking accuracy in large and small matters, the publication of authenticated, checked, sifted fact in the news columns. It can be lost only through betrayal of the trust. Opinion in the editorial columns may be wrong or right—it is presented as opinion and may be accepted or discarded. But news is fact and he who trifles with it undermines his own pillar.

Marlen E. Pew draws the outline of almost a superhuman job. But whilst the vision stays in the mind of a publisher, it is enough that he should lift his eyes to that vision and as nearly as he humanly may carry out that charge to absolute, impartial and unimpeachable Will to record the truth in every edition that goes forth to a waiting clientele.

The Ada Evening News' purpose holds, and shall continue so long as its present management is in control, to print the news starkly and nakedly, without distortion, without coloring, without fear. It pledges its readers absolute and studied neutrality in its news columns whatever may be its editorial opinion; that those columns shall at all times be kept as nearly as possible a perfect mirror wherein may be reflected faithfully the current history of the world.

GOD'S SINGULAR LOVE.—Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God; therefore the world knoweth us not, because it knew him not. Beloved, now are we the sons of God, and it doth not yet appear what we shall be; but we know that, when he shall appear, we shall be like him; for we shall see him as he is. —1 JOHN 3:1, 2.

THE GOVERNMENT SHOULD PAY MORE

There is equity in the demand of the states in inter-mountain and Pacific coast territory that in the joint construction of improved public highways the federal government shall bear such proportion of the cost as the ratio of public acreage to the total acreage of the state.

For example, although the federal government owns more than nine-tenths of all the land in Nevada the present law requires the taxpayers of Nevada to bear half the expense of highway construction and all the expense of preliminary surveys, organization and administration.

Nevada and other western states are now requesting Congress to modify the arrangement so that the cost of construction will be apportioned between the state and the federal government on the basis of area ownership.

A review of the facts shows that 71.2 per cent of all land in Arizona is still owned by the federal government; 46.2 in California; 50.3 in Colorado; 68.2 in Idaho; 43.9 in Montana; 90.6 in Nevada; 49.9 in New Mexico; 50 in Oregon; 79.8 in Utah; 31.7 in Washington and 71.9 percent in Wyoming.

At the third session of the sixty-sixth Congress the Sells bill, which provided for graduated allocation of the cost of construction on the basis of acreage owned, passed the house by a majority of 220 and received 42 for compared with 33 against in the Senate. Efforts have been renewed to have the present congress pass the bill.

It is a just and fair measure and should be enacted into law, for it is manifestly unfair while owning as in the case of Nevada, nine-tenths of all the land in the state, for the federal government to require that half the expense of constructing military, post and similar highways be borne by the state.

The people of the states concerned should urge their senators and representatives in Congress to press their cause vigorously, for not only is it just but unless some such relief or adjustment is effected there is danger that in instances like Nevada the burden will be too great for the taxpayers to endure, with the result that progress in this respect may be seriously impeded.

STOPS BORING FROM WITHIN

Reports from various parts of the country indicate that the Non-Partisan league is not dead and not even sleeping.

A new manager of the National Non-Partisan league of Washington has arrived in Spokane to take charge of headquarters and a state league convention is to be held in that city the latter part of May.

The league alleges that the purpose of these two measures relating to party affiliation and the convention measure passed by the legislature making it a law that a candidate must have been affiliated with a recognized party for two years.

The league alleges that the purpose of these two measures is to kill the farmer labor party by keeping it off the ballot. This is not the case; it means that the Non-Partisan league or any other political organization will have to fly under its own colors instead of slipping their candidates into office under the banner of some other established political party. This has been a league practice from the beginning and is just another method of "boring from within" which has been employed by radical and near radical organizations in an effort to disrupt political and industrial stability.

Railroads so far have received \$583,000,000 from the government under the Transportation Act of 1920. Do you remember when that much money was almost enough to pay Uncle Sam's total expenses for a year?

This is the season when the backyard farmer wonders if the dealer made a mistake and put the ragweed seed instead of radish seed in the packet he planted several weeks ago.

One of the tragedies of a spring Sunday morn is that the next-door neighbor bought his lawn mower before the well-known ball bearing was discovered.

The Girl Next Door says Mother will soon begin to put the milk bottles on the front porch promptly at 11 p. m. each Wednesday and Sunday.

In The Oil Fields

More Operators Coming
Representatives of several of the largest independent operators have arrived here in the last two days and they are looking the field over with the intention of developing the local field.

Producers Almost Ready
Material for the test to be made by the Producers and Refiners in the S. E. of the S. E. 1-3-5 is on the ground and the construction of the derrick will be completed this week. Those in charge hope to have the test spudded in by the first of the coming week.

Visiting Roff Gasser
This afternoon several officials of the local oil companies will visit the gasser that blew itself in yesterday in the Roff district. It is the intention of the visitors to gage the well if possible and also to investigate the rumor that was on the street this morning that there was quite a showing of oil.

Big Deals Brewing
Several large deals are on the turning point, according to the lease brokers, and they report that there are several new buyers here today and that business looks better than any day since the boom hit the town. It is rumored that one deal which will involve about fifteen hundred acres, is the biggest deal since the discovery well was brought in.

Holdenville Booming

(Special to the News)
HOLDENVILLE, May 12.—Many scouts are arriving here today, following the shooting of the Lyons well located in 14-7-8. The well was shot at 3,197 feet Tuesday night and it began flowing about an hour after the shot was fired. This morning the estimates are placed all the way from 200 to better than 700 barrels.

Lease trading is very active here and according to reports some very fancy prices were paid for choice acreage near the producer. According to the information received, there are three more wells to be drilled at once in the vicinity of the wildcat well.

The town has taken on the appearance of a real boom town and the operators in the field look for it to make a real oil field.

Officers Fail in Attempted Arrest of Supposed Burglar

Officers failed yesterday in their attempt to arrest a young man who is thought to have been implicated in the burglary of the East Main garage here last Saturday night. When the officers stopped their car in front of a house just beyond the city limits, on the Center road the boy ran from the house through a rear door and became lost from the officers in a dense wood. Some shots were fired in his direction as he ran, but they only made him run the faster.

Four auto casings and a number of inner tubes were taken in the robbery of the garage. The sheriff's office here immediately phoned to the garages and officers of the nearby towns and told them to be on the lookout for the articles. Yesterday a garage man at Roff phoned the sheriff's office here that a boy had left some casings there to be sold. He gave his description and also described the car he was riding in.

Yesterday afternoon the officers here found a car on the street, which just measured up to the description of the car reported by the Roff garage man. The car was driven by a woman and the officers trailed it for some time, thinking that perhaps the woman would lead them to the one who had tried to sell the casings. She finally drove to the farm house on the Center road and when the officers drove to the house, after she had left, the boy escaped into the wood.

The owners of the East Main garage have identified the casings and a number of other articles found at Roff as their property and it is said that most of the things which were taken have been recovered. The sheriff's force still expect to capture the boy who escaped.

PAVING MEETING

South Broadway residents are a hundred percent strong for paving, and their petition is up and ready for submission to the city commissioners, but it is necessary for the people involved to meet and decide what kind of paving is wanted. A meeting of the residents along South Broadway to Seventeenth street, therefore, is called for 8 o'clock Thursday evening at the lobby of the Ada Evening News to discuss the paving matters and decide what is wanted. All are urged to be present.—The committee.

Friday and Saturday is LACE DAY at A. P. BROWN CO. All Lace on special Sale ONLY 10c YARD See Our Window

Facts About the Counties

Each day some facts will be printed about an Oklahoma county in their alphabetical order.

Carter—A county of 531,840 acres of which 207,682 are in farms. It has 133,309 acres in cultivation and 71,272 in pasture. The principal crop is cotton although mineral resources are chiefly developed. The county is located in the south-central part of the state and has an average altitude of from 700 to 1,200 feet.

The surface of the county is irregular. The north half is rolling to very hilly, while the southern portion is level to rolling. The north half is drained eastward into the Washita river. The principal drainage of the northwestern portion is into Caddo creek.

The leading industries of the county include agriculture, oil and gas and stock raising. The oil industry has rapidly developed and the county now leads any other county in the production of this mineral. A considerable portion of the northern part is too rough for farming and is used for stockraising. Asphalt is found near Ardmore. Rainfall is sufficient for agriculture.

Cotton is easily the leading crop. According to acreage, cotton, corn, oats, sorghum cane or Sudan for hay and wheat are the principal

crops. Corn is grown extensively for feed throughout the county. Much of the area is covered by a growth of oak.

Several railroad lines give the county adequate transportation facilities. The highways of the county are generally in good condition and improvement is being carried on rapidly.

Carter county is peculiarly favored as to climate. Along the northern boundary line the Arbuckle mountains form a natural barrier against the sweep of the north winds. The average rainfall is 38.40 inches.

The report of the county superintendent gives the number of white school as 80, and colored schools, 16.

MODART CORSETS

Front Laced

—for Summer Comfort

Summer corsets, light in weight, low bust and lightly but correctly boned, will add materially to your physical comfort during the warm days. Whether one goes in for sports or not, it is important that one be properly corseted. These new Summer models give the fashionable silhouette and at the same time afford ease and freedom of movement. For hot weather it is a good plan to own two, so that one may have a fresh, cool change at the end of the day.

Let our experienced corsetiere fit you to a new MODART model. Remember figures as well as styles change. You may possibly require a different model and size of adjustment from your last corset.

Priced from \$4.00 to \$10.00

NATURE'S RIVAL

Brassieres Improve the Figure

Good corsets deserve to be worn with a Brassiere. They finish the work that good corseting begins. That trim, well-groomed look a figure has is the result of teamwork between a corset and Brassiere. Our collection includes models in net, tricot, satin and other tub stuffs in bandeau or regulation brassiere styles. They are a great support also to the uncorseted figure. 50c to \$3.50

A Ballad of Spring Poems.
The spring has come, and poets sing
A gleesome, glad some 'roundelay
About the soaring birds a wing.
Or pinky blossoms of the May,
Singers for love of art are they—
(Oh, monstrous thought! I am
afraid for
A guerdoned poet!) Any way
Spring poems never should be paid for.

You see, spring is a subtle thing;
A fancy fair, an image gay.
To it a poet has to bring
The spirit of a holiday.
The trickiness of nymph or fay—
Pure joy of life spring songs are
made for—
But warble for a stipend? Nay!
Spring poems never should be paid for.

Spring poem measures lilt and swing
And, like young lambkins at their play,
A sense of lawless joy they bring.
Their very rhythm seems to sway,
As lambent as a moonlight ray—
I wonder what they are essayed
for—
Perish the thought it is for pay!
Spring poems never should be paid for.

L' Envoy:
Editor, pay for this, I pray;
And still the rule will be obeyed,
for
You will notice, don't you? that
I say
Spring poems never should be paid for.

—Carolyn Wells in Harper's Magazine for April.
Sewing Club Entertains.
The sewing club girls of the Hays school entertained the mothers and teachers last Thursday afternoon with a delightful old-fashioned quilting party.

Everyone present was allowed to put several stitches in the quilt and after spending some time in pleasant conversation and work, they were served to delicious refreshments, consisting of tuna fish salad, bread and butter sandwiches and iced lemonade.

While eating, the guests enjoyed hearing readings given by Misses Lucille Webster and Mildred Scates, both members of the sewing club. All present expressed their appreciation of the party and the work being done by the sewing club. The quilt will be given to the Red Cross.

Hold Open House.
The teachers and students of the Greenwood school will hold open house at the school building Friday afternoon at 2 o'clock to entertain the parents and everyone is cordially invited to attend.

An extensive exhibition of the work done by the students will be viewed and a very interesting program will also be rendered. Delicious refreshments are to be served after the program. A large attendance is expected.

Mother's Club to Meet.
The Irving school Mother's club will have their meeting Friday afternoon beginning promptly at 2:30. It is desired that a full attendance be had as it will be the last meeting of the year and much business is to be considered. New officers are to be elected for next year and other important matters are to come up. All are urged to be on time at 2:30.

Mrs. Norrell Entertains.
Mrs. Paul V. Norrell entertained at her home at 1020 Belmont Avenue last evening in honor of her sister, Mrs. Glenn Briggs, who has just recently returned from the Island of Guam after a four year stay and who leaves Saturday for her future home in Stillwater, Okla. The guests were met at the door by Mrs. Norrell and introduced to Mrs. Briggs, who was dressed in a

native Guam costume. After they had all arrived they were ushered into the bed room where a large collection of curios, linens, baskets and other articles collected in Japan, China, Philippines, Guam and the Hawaiian Islands were shown. The evening's entertainment consisted chiefly of the showing of this collection, each article being shown and explained by Mrs. Briggs.

Refreshments were then served, consisting of ice cream and angel food cake. Those present were Misses Lee, Griffith, Hodge, Craig, Kennon, Russell, McKendree, Norrell, Faust, aggoner Emory, Waggoner, Nolan, Cameron, Steed and Gregg and Mesdames Adair, Barringer, Bailey, Grant, Gay, MacMillan, Zimmerman, Emory, Skinner, Smith, Briggs and Norrell.

Work Display.
The Hays Ward school is giving a display of each pupil's work Friday afternoon from 1 to 3:30. All patrons and friends are invited to attend.

Mr. and Mrs. John Hoffman left yesterday afternoon for their home in Sherman Texas, after spending several days here visiting friends.

Roses Are Stolen
Mrs. A. H. Constant of 201 East Twelfth street, lost one of her choicest rose bushes last night when a thief entered her yard and pulled the entire bush up by the roots, after she had retired. Mrs. Constant has a yard full of beautiful flowers and is much puzzled that more were not taken. A reward has been offered for information concerning the theft.

Former Resident Still Interested; Gives News a Boost

The following letter will call to the minds of many memory of the writer, a former resident of Seminole county and known to many citizens in this vicinity. The News is grateful, too, for the splendid compliment paid it in the letter:

May 2nd, 1921.
Hon. Luther Harrison,
Editor Ada Evening News,
Ada, Oklahoma.

My Dear Mr. Harrison:
Enclosed find check for \$5.00 covering a year's subscription to the Evening News. While a member of a local law firm, to the professional activities of which a large portion of my time is devoted, I also own and personally operate perhaps the best known and biggest democratic weekly in West Virginia. From my limited knowledge of the newspaper game (and it has come to me through years of observation and nearly four years experience as editor and owner of a good plant), I am pleased to say that I believe you and Mr. Brown are producing one of the best small city dailies in the country. As we both formerly lived in Seminole county, I have been much interested in your venture and I congratulate you and Mr. Brown on the results of your energy and ability, which I am perhaps better able to appreciate than most people.

I am still personally interested in Ada and its wonderful prospects. I always felt that Ada was the best town in Oklahoma and I own property in Pontotoc county, which, in the light of recent developments in the oil business, looks like it might prove very profitable. I hope to visit your city again as soon as I can find it convenient to get away from my affairs here and will be pleased to meet all my old friends, with whom I have spent so many pleasant hours in the past and whom I shall always keep in fond recollection.

With best wishes to you and Mr. Brown and the News, I beg to subscribe myself,

Sincerely yours,
DAN M. PENDLETON.

Mrs. I. T. Jones of Holdenville was in the city yesterday afternoon visiting and shopping.

Watch for announcement of opening at Drummond's drug store. 5-11-2td*

Bon Marche makes a specialty of graduation gifts. Gifts from 35c to \$35. 120 S. Broadway. 5-9-12td

Fred Gay, who has been in the city for the past few days visiting relatives and looking after business matters concerning the Gay Electric company's store here, left today for his home in Tishomingo.

Mrs. W. D. Dowdy was here between trains today shopping and looking after other matters.

Watch for announcement of opening at Drummond's drug store. 5-11-2td*

Fred Moore and father were in the city today from Coalgate looking after business matters and visiting friends.

\$4.50 Aluminum tea kettles guaranteed for 20 years at Rollow Hardware 3 o'clock Saturday 14th, for \$1.59. See our window. 5-12-1td

The ward schools are busy with preliminary examinations and are preparing to close various lines of work this week.

Mr. and Mrs. G. B. Arnold of Francis were in the city yesterday shopping and looking after other business matters.

Messrs Jackson and Cooper were among the Ada people to attend the funeral of Mr. Van Hoosier at Pauls Valley today.

Repairs are being made on the awning on the building formerly occupied by the Miller Bros. tailoring shop on South Townsend.

The big jump in rent prices in the city, due to the oil discovery here is a rather unpleasant thing for those who are renters. In some instances the rent has been doubled.

Mrs. Barringer was taken to the local hospital for treatment from her home at 417 South Johnson avenue yesterday. She is very ill and her condition demands good treatment.

Herbert Smith was in the city yesterday from Oklahoma City visiting business friends. He represents the G. & M. truck company and spent some time in the city on business.

Ladies get you a modern turfing needle at the Oriental & Novelty store, 225 E. Main. Free demonstration all week and one beautiful hand painted picture value \$10.00 given free with each needle sold. price \$1.25. 5-12-6td*

The streets of the city are now in a better condition than they have been for some time. However, they are yet a long way from being good streets. Work on them is being done more regularly now than ever before.

FIVE DOLLARS a month is all it will cost you to buy a brand new Rex Visible Typewriter, an improved typewriter at a very low price. J. L. Deo, Typewriter Exchange, 111 West Twelfth Street, Ada, Okla. Phone 670. 5-12-1td*

Several quick sales have been made through the use of News want ads recently. People who have propositions to make should advertise them, as hundreds of people looking for all kinds of propositions read the News want ads.

Those who have not yet seen the new bathing pool now under construction will not be disappointed if they should go over to the park and look it over. If the remainder of the park is made to look as good as the pool it will be a beauty spot.

Aaron Boggs at Normal Friday, 8:30. Matinee 4 o'clock. 5-12-1td

Preparations for the big enrollment in the Normal school this summer are being made by the school and the residence owners. It is expected that a thousand students will be enrolled, but if the board and rooms for them is increased in price, many will be unable to attend.

The county has just completed the work of grading the road from Broadway to Oak avenue running in front of the Ada Green house, making it one of the best short drives in the city. The roads from Main to this street and back to Main again on Oak are in good condition now in fact better than they ever have been.

Word has been received in the city by relatives of Mrs. Howard Evans that she was in a hospital at Memphis, Tenn., and would have to undergo an operation soon. Her condition is reported to be a serious one.

Mrs. Gus Cunningham and son will leave today for Coalgate where they will spend the week-end visiting relatives and friends.

Miss Gladys Henderson of Oklahoma City is in the city for a visit with relatives and friends over the week-end.

GERMANY RELAXES AFTER TENSENESS

(By the Associated Press)
BERLIN, May 12.—Marked relaxation from the tenseness of feeling which has prevailed the last few days was observable in German political circles today now that the crisis raised by the allied ultimatum has passed, through acceptance of the allied terms by the ministry of Chancellor Wirth, organized to meet the emergency.

Today had appeared as likely to prove momentous in the history of the country owing to the fact that the allied ultimatum was timed to expire at midnight tonight. With the question of acceptance settled two days in advance, the red lettering of the date had been totally erased. The day offered no probability of unusual happening, unless it might be in connection with the Upper Silesia disturbances.

FIRE LOSS IS ESTIMATED AT OVER MILLION

(By the Associated Press.)
YOUNGSTOWN, Ohio, May 12.—Fire here early today caused a loss estimated at one million five hundred thousand dollars. The old Mahoning Valley power house, a lumber yard, ten houses and a garage were destroyed and the plant of the Smith Brewery company.

Firmen say the blaze which started in the Parrish Brother's lumber yard, was incendiary and that gasoline or oil has been sprinkled over the lumber.

LODGE CONVENTION NOW GOING ON IN TULSA

TULSA, Okla., May 12.—A memorial service at four o'clock yesterday afternoon began the ceremonies attending the Oklahoma Grand Lodge convention of the Knights of Pythias and the Pythian Sisters, meeting here in a 3-day convention. More than 1,000 delegates and visitors have registered.

A reception and dinner was given the visitors last night, followed by a short business session presided over by James Bown of Tulsa, grand chancellor.

A uniformed parade is scheduled for today at 5 o'clock, following the business sessions and both orders will hold their initiation ceremonies tonight. The selection of the officers and final business meetings will close the convention tomorrow evening.

OTHER NATIONS MAY ADOPT AMERICAN COTTON STANDARDS

(By the Associated Press)
WASHINGTON, May 10.—Adoption of the American standards for the entire world trade in American cotton is hoped for by representatives of the Department of Agriculture who will attend the second session of the World's Cotton Conference in Liverpool, England, June 13 to 22. Chester Morrill, assistant chief of the Bureau of Markets and W. R. Meadows, in charge of the Cotton Division will represent the Department. Mr. Meadows will read a paper on "Universal Standards for American Cotton."

The Liverpool conference will be attended by all the cotton interests from the growers to the manufacturers. The first conference was held in New Orleans in October, 1919.

With the holding of the United States Attorney General that the government will not be liable in the sending out of lists of men who evaded military service, the War Department will send the draft deserters lists direct to state departments of the American Legion. Departments in turn will distribute them to posts which will check them before they are released for newspaper publication, to make certain that no men are unjustly branded as deserters and evaders.

"Every member of organized labor who is an ex-service man should join the American Legion and help his buddies in their fight to obtain recognition of their just claims," says an editorial in the California Oil Worker, official newspaper of District Council No. 1, Oil Field, Gas Well and Refinery Workers of America.

"The charge has been made that the Legion was a capitalistic institution, but its very composition is enough to prove that such an accusation is absolutely baseless. The legion's big job at the present time is to win decent treatment for several thousand disabled veterans and provide for 400,000 more who are now jobless. Nothing very capitalistic about that program, is there?"

More than one thousand members of the American Legion in Wichita, Kan., can be called out to attend special meetings or to answer emergency calls on a few minutes notice. By a system of three relays on the telephone, all members of Thomas Hopkins post can be notified in less than a half an hour, according to the post commander. The system works in this manner: The post adjutant calls ten members, who in turn call from five to ten men; the latter each notify ten more men. Each man has a card with the names and telephone number allotted to him.

WOULD PUT WAYWARD GIRLS ON FARM INSTEAD OF JAIL

(By the Associated Press)
TULSA, Okla., May 12.—Following out her theory that the outdoers will bring out the good in a person, Mrs. Rose Ohaus, with the assistance of the chief of police and Mrs. Margaret Henrie, night ma-

tron, is trying to work out a plan to put the delinquent girls who are caught in the toils of the law on a farm somewhere near this city during the time they are forced to stay in jail.

That the cows, pigs and chickens that always go with a farm will be included has been decided while the women will be assigned to perform the farm "chores."

"Why not give them a chance to amount to something," Mrs. Henrie asks. All the world looks down on a fallen woman and considers her good for nothing, but if placed under the right influence and proper environment I am sure that many of them could be made influences for good."

These two women have already established a woman's rest room and several private dining rooms in the women's ward of the city jail and placed several cases of books there.

"BETTER CITIES" PROMOTER
WANTS PICTURES OF CHILDREN
OKLAHOMA CITY, Okla., May 12.—Dr. William A. McKeever, director of the "Better Cities" campaign now in progress in Oklahoma, is sending out letters over the state for interested persons to mail to him here, about 1000 photos of babies and small children to be exhibited at the juvenile institute to be held here May 31 to June 3.

A large display of pictures of all the interesting types of and varieties of children to be found in this progressive state will prove to be about as much of a drawing card as a menagerie at the circus," Dr. McKeever writes in his letter, directed to parents in all sections of the state.

"Such an exhibit will be many times more significant and will go to make this the center of attraction among the juvenile attractions to be exhibited," he says.

How To Be Sure of Getting Good Butter

Of course every woman wants to give her family real butter—because they like it so well. More housekeepers all the time are learning that the simple way to get Good butter—always—is to insist on Climax Creamery Butter.

White uniformed workers in a sunlight plant, sterilized constantly with live steam, churn Climax from carefully selected pasteurized cream. It is shipped to retail stores the day after it is made—triple wrapped to protect its freshness.

There is no substitute for butter as a delicacy or as a vigor building food filled with life-giving vitamins. There's no doubt about getting GOOD butter when you get a brown, gold and white carton of Climax.

CLIMAX CREAMERY COMPANY
Shawnee, Okla.

HIGHWAY OFFICERS TO HOLD ANNUAL MEETING

(By the Associated Press)
ELKS CITY, May 11.—The fourth annual convention of the Denver, Canadian and Dallas highway, extending from Galveston, Tex., to Boulder Colo., will be held here June 7 and 8, according to an announcement sent out today by officers of the association. Committees from several cities and towns interested in the highway have already reported they will have representatives present.

The convention will open at 2:30 June 7, hold a night session, and close the following day at noon, according to the program. The Young Men's Business association of Lamar, Colo., reports it has all towns in Colorado lined up for representation at the convention. Hobart, Roosevelt, Mr. Park and Snyder, in Kiowa county, are out for a full quota.

Prominent speakers invited to address the convention include Gov. J. B. A. Robertson of Oklahoma, John Whitehurst, president of the

state board of agriculture and J. Frank Roach of Oklahoma City.

Reports received today from all counties in Texas, Oklahoma and Kansas and Colorado traversed by the highway are to the effect that the highway will be in good condition by June 1. The highway, between its two points of origin and destination, has laterals from Canadian, Tex., to Oklahoma City and Childress, Tex., where it connects with the Colorado-to-Gulf highways.

SCHOOL CHILDREN HAVE GOOD ATTENDANCE RECORD

(By the Associated Press)
CHICKASHA, Okla., May 12.—Twenty-nine pupils in Chickasha public schools, from the third to the tenth grades, were not absent or tardy during the last 3 years, according to a report issued today to the state superintendent of public instruction by the county superintendent.

Of the number, Kenneth Sheppard now in the ninth grade, heads the list with a record of 7 consecutive years attendance at school without an absent day or a tardy mark. Eighteen of the pupils hold 3-year records above the sixth grade, that time in the school pupil's life usually the hardest to keep in at-

tendance, according to the superintendent.

The list was compiled and reported to the state superintendent under a plan conceived by the state board to give each pupil in the state with a clean absent or tardy record for 3 years, a special diploma of honor embodying the name of the pupil, school and years of attendance.

Have your summer frocks pleated or hemstitched. Buttons of all designs made to order. Ada Hemstitching Shop, 120 S. Broadway, 5-9-1f.

DON'T LET YOUR MONEY LAY IDLE

We own and offer for sale 320 acres of fine fertile farm land, four miles north and one mile west of Tishomingo in splendid locality for \$40 per acre. 200 acres in cultivation with 280 tillable; 2 sets of improvements, well and running water. A real stock farm; \$5000 cash handles deal if sold immediately, act quick.

Also two real alfalfa river bottom farms 18 miles north west of Ada in Seminole county at attractive prices.

A. L. BOWLES & CO.
Harris Hotel, Ada, Oklahoma.

Workers and Sportmen

Here is your chance to buy the best work and sport clothing at the lowest prices. We handle mostly Army Goods bought from the Surplus Property Division of the War Department. This merchandise is sold to us at much less than cost and we sell at a small margin of profit. Army goods wear better than others and cost a whole lot less.

The army clothing was built for durability and comfort. Cost was not considered very much in the making as Uncle Sam wanted the best. He got it and we are offering the same goods to you at low prices.

In addition to army goods we carry a good line of work clothing and men's shoes. In these lines we are able to show usually good values as we own nothing at high prices. Our buyer is constantly combing the market for bargains and is finding many of them on account of the business depression that the country is just recovering from and the low price of cotton has made many manufacturers willing to unload at a low price for cash.

SPECIAL VALUES IN TENTS

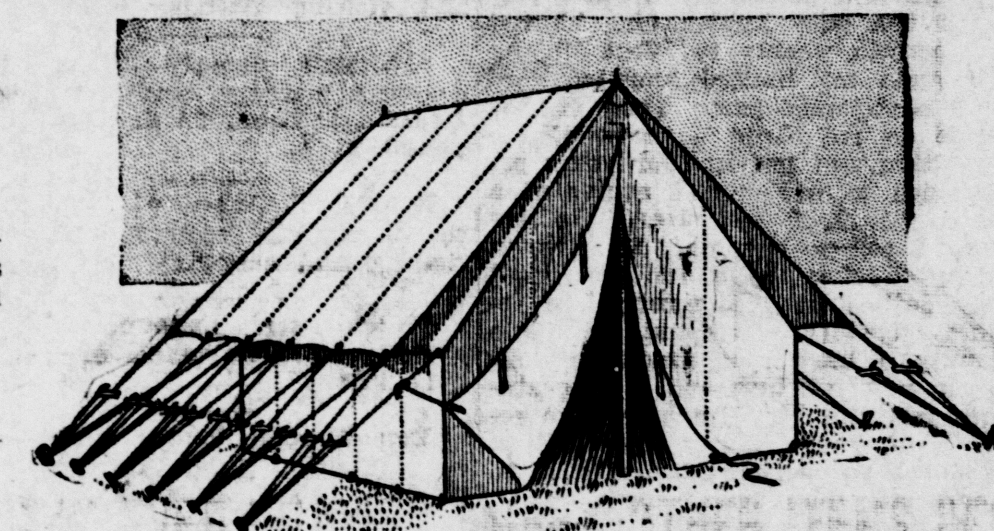

We carry the new and used army tents. These are sold at low prices. Look them over.

7x7 New Wall Tents \$14.50

A well made tent of new 10-ounce government khaki. Is complete with poles, ropes and pegs.

8x10 Tents as Above \$19.50

10-12 Tents as Above \$25.50

16x16 Tents

This is the army squad tent that has seen some service but is in perfect condition. Made of 14-ounce khaki.

20x20 Hospital Tent \$62.50

Was set up several times but never used. Made of 15-oz. khaki.

NEW GOODS COMING IN EVERY DAY -- MANY OTHER ITEMS BESIDES THE ONES LISTED

Khaki Shirts \$1.00

This is a very good shirt and we had to buy a large quantity to be able to sell them at this price. Full cut and well made. Sizes 14 1-2 to 17.

Wool Coats and Breeches \$1.95

Regulation army coats and breeches. Good for hunters and workmen.

Army Belts 35c

Will outwear two leather belts. Has non-slip buckle.

All-Wool Blankets \$4.95

Full bed size olive drab army blankets. These will last a life-time.

Oversees Caps 45c

Most of them are new. All sizes.

New Wrap Leggings \$1.25

This is a low price for the new wrap leggings. Are full length and have bound edges.

Army Hats \$1.75

Have been reblocked and have had new sweat bands and ribbons put on. Cannot be told from new.

Khaki Coats 65c

Regulation army khaki coats. Have been used but have been laundered and sanitized.

Ponchos \$1.95

Waterproofed army ponchos. Have many useful purposes.

Men's Sox 25c

A mercerized lisle sock that is easily worth 50c. All colors.

Work Shirts 69c

Blue work shirts. Sizes 14 1-2 to 17. This is an extra good shirt. Is double stitched throughout. Has lined collar and double shoulder. This is the best value in work shirts that you have seen in five years.

Khaki Breeches 85c

We have just received another shipment of renovated khaki breeches. Are made of heavy snap-proof government khaki. Have been laundered and sanitized. Sizes 28 to 38 waist. These are nearer and cheaper than ordinary work pants.

Army Saddles \$17.50

Regulation army saddles are made of the best leather obtainable. They cost the government several times the price we ask.

Riding Breeches \$2.95

Heavy khaki riding breeches. Have double seat and are lace bottom.

Men's Dress Pants \$4.45

Mostly samples. All wool serges and chevots. These pants are worth from \$5.00 to \$7.50 wholesale.

Army Leggings 45c

A mixed lot of serviceable used army leggings. Included in the lot are canvas cuff and lace leggings and the part-leather cavalry leggings.

Haversacks \$1.00

Complete with leather shoulder strap. Good for delivery boys, hunters, etc.

New Canteens 95c

New aluminum canteens with covers. This is the style that was used in the late war.

Collapsible Buckets \$1.00

Heavy ducking collapsible water buckets. Will hold from 4 to 5 gallons. These are worth about \$2.50.

Shovels 95c

New army entrenching shovels. Every auto owner should have one. Just the thing to have around a camp.

Renovated Raincoats \$3.50

Used but serviceable army raincoats. Have double shoulder.

Union Suits 95c

Men's balbriggan union suits in good grade. Short sleeves, ankle length. Shirts and drawers like above 50c.

Leather Puttees \$5.95

This is a very good value, especially since we have reduced the price. Wear good and are neat looking.

Officers Dress Shoes \$6.45

An all-leather shoe that is made to give comfort and service. Neat appearing and they hold their shape. This is a very good shoe value.

Cartridge Belts 65c

The new style army cartridge belts. Good for hunters and Boy Scouts.

Hobnail Shoes \$5.95

The most comfortable heavy shoe ever made. Will outwear three pair of good work shoes.

Men's Shoes \$3.45

Good substantial all-leather work and dress shoes. All sizes in the lot.

New Mess Kits 65c

Aluminum army mess kits. Very good for camping trips.

Russet Shoes \$6.45

Made by the Herman Shoe Co. Are built on the Munson last and will help those who have been having trouble with their feet. None but the best leather used in the construction of this shoe.

Army Last Shoes \$4.45

An all-leather shoe made in an army style. This is a good serviceable medium-weight shoe.

Overalls \$1.00

Not a light, flimsy, cheaply made overall but a good garment. The wholesale price today is higher than this.

Lee Unionalls \$3.00

This is the genuine Lee Unionall and the present price is \$3.00 a dozen wholesale. These are bought from the War Department and that is why we sell them cheaper. Khaki only.

Folding Cots \$4.75

Army folding cots. Are made of No. 1 ash and are covered with heavy khaki duck. Folding chairs to match 85c.

Cuff Leggings 95c

New canvas cuff leggings. All sizes.

Leather Puttees \$3.45

A special lot of leath putts in sizes 13 1-2 and 14 only. Very good values.

Men's Supporters 10c

Mens supporters, new web. Pair 10c.

Gillette Razors \$3.00

\$5.00 Gillette Razors, each \$3.00.

We have Just received a shipment of men work and dress shoes that were bought at special prices. These will be put on sale at once and you will be able to buy good shoes at low prices.

Mail orders will be shipped same day as order is received. Send money order or draft and give sizes. We guarantee satisfaction or the money will be refunded.

GO TO THEATRE

At the Liberty

In "The White Dove," the Robertson-Cole special picture, which is to be seen here at the Liberty theater today is shown a thrilling runaway through a quaint English village. This rapid bit of action paves the way for one of the greatest scenes in this startling study of married life.

Frank Leroux has come home for the first time in five years. At the railroad station he takes a carriage for his home. The horse becomes frightened, runs away and Leroux is thrown out and fatally hurt. Lying semi-conscious, attended by his old friend, Dr. Sylvester Lanyon (H. B. Warner) the dying man reveals the secret of his love affair with the doctor's wife, several years before.

The doctor always had considered his wife, now dead, almost a saint, and this conviction from the lips of the dying man causes him months of misery, which are only ended by the most unusual and surprising climax.

"The White Dove" is based on the novel by William J. Locke, and was directed by Henry King at the Jesse D. Hampton Studios. Also in Vaudeville, the Musical Soos.

At the McSwain
If you believe yourself to be old at thirty-five and that life has nothing further in store for you, you should see Thomas Meghan in William De Mille's splendid Paramount picture, "Conrad in Quest of His Youth" which opens at the McSwain theatre today.

Without telling the story in detail, I am privileged to tell you that the central idea of the story—that one never grows old when one loves—fills one with enthusiasm. At least it did the older persons who saw the picture when I did. Conrad finds it impossible to travel the road back to seventeen, because there is none, but when he fell in love, presto—his vanished youth returned.

The picture is an excellent one and well worth one's while to see.

The settings are elaborate and the development of the story logically carried out. Mr. Meghan is supported by an unusually capable company.

We think you will heartily enjoy this picture and we hope to see you at the opening display. Please come early.

At the American

Clyde Cook, the Fox de luxe comedian is coming to the American theatre today and tomorrow in "Skirts," his first feature length comedy. The star has earned the right to appear in picture of extended reels because of his undeniable ability. His grotesque make-up, his adaptability for any kind of stunts no matter how hazardous, and his well sustained sense of humor—these are enough to warrant him success. "Skirts" is similar in plot and incident to his two reel comedies. These patrons are legion who think the short pieces are inadequate for complete amusement. So "Skirts" afford them ample entertainment.

The comedian duplicates his efforts in the short subjects and adds several new features. He is assisted by the Singer Midgets, a group of illiputian people who are acrobats and comedians. The Sunshine bathing beauties, featured as Widows here, also render fine support. The girls really give color and dash to comedy which breezes with plenty of pep, humor, and rich burlesque. Other players associated with Sunshine comedies and the star in building the fun. The plot revolves against a circus background, with

the heroic appearing as a handy man whose mother is the bearded lady in the side show. The two conceive a plan to get the inheritance of Rock, senior—a plan which is nearly frustrated by the villain. The comedy carries good incident, a hair-raising thrill, and some colorful atmosphere.

ADDRESSES WATERWORKS CONVENTION IN CITY

OKLAHOMA CITY, Okla., May 11.—Declaring that the business of supplying pure water is one of the most important problems confronting the modern municipality, Dr. A. R. Lewis, state health commissioner, today addressed the tenth annual convention of the Southwestern Waterworks Association, in a 4-day session which began here Monday.

Dr. Lewis pointed out the vital importance of this business due to the present water situation in Oklahoma and offered several suggestions by which the increasing pollution of hard-surface water due to mineral, industrial and sewage was threatening the water supplies in many Oklahoma communities.

"The water division of the United States Geological University has rated Oklahoma among the states having hard surface water with a very large amount of dissolved and suspended solids," Dr. Lewis said. "Due to varied climates, topography, geological structure and industrial conditions, many sections of the state have been rendered useless to its waters for domestic uses."

"Roughly speaking, the west two-thirds of the state lies in the red-beds region where gypsum and other mineral soil constituents make many waters unfit for use. The oil industry and the coal mines in a few other sections have added to the complexity of the situation."

The most serious case of stream pollution exists below the sewage out-falls of Oklahoma City, Dr. Lewis told the convention. This sewage, he said, pollutes eight municipal water sources, the nearest being Shawnee. Rivaling this danger the conditions at Nowata and Collinsville are worse, he said.

"At each of these places, municipal sewage drains toward water supplies so that at times not more than 48 hours are required for sewage to reach the kitchen sink," Dr. Lewis declared. "Of the 81 plants using hard surface water there are but 4 or 5 who have been equipped and operated along modern lines. An inspection of plants at which purification is attempted has convinced our department that con-

ditions can be greatly improved and the public health safeguarded by a more intelligent operation of purification plants."

The population of the 230 towns in Oklahoma having public water supplies is about 820,000 according to Dr. Lewis' figures, all practically owned by municipalities. Of the total population supplied with water, about 540,000, living in 81 municipalities, are supplied with surface water and the remainder depend on wells or springs for a supply.

Of these 81 surface supplies, derived from streams, artificial lakes or reservoirs, Dr. Lewis said 34 are taken from streams which are polluted with sewage. The number of sewage systems discharging above individual water supplies varies from 1 to 25.

"That the people may lose none of the protection and benefits to be gained by expenditures of money and efforts to purify surface waters, the state engineer offers the following suggestions," Dr. Lewis concluded.

"Guarding against pollution by oil well wastes.

"Passing and enforcing regulations to patrol drainage areas.

"Place water plants in towns of 10,000 or more under laboratory contract.

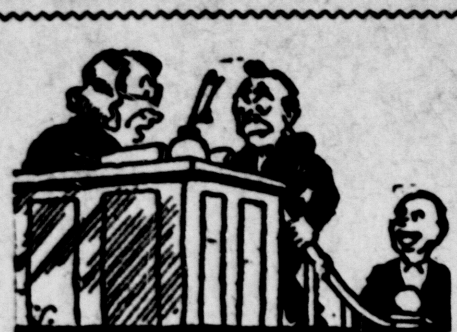

"Organize a board of examiners, comprised of water superintendents, to examine and issue certificates of qualification."

Court House News

L. N. Bond was arrested by Deputy Sheriff Whitson yesterday near Bebee, at the request of officers at Duncan, where Bond is wanted on a charge of disposing of mortgaged property.

N. C. Wood was arrested here yesterday by Deputy Sheriff Whitson, at the request of the sheriff's office at Ardmore, where Wood is wanted on a charge of imbezzlement.

Will Hold Debate at Labor Association Meet Next Week

A much larger crowd than usual attended the meeting held by the Laboring Men's association in the district court room last evening.

Following addresses by Attorneys A. C. Chaney and D. W. Huffer and Mr. N. T. Tucker, each of which drew much applause, the members voted to hold a debate at next Wednesday night's meeting.

The question to be debated is: "Resolved, that government ownership and control of American railroads would be for the best interest of the people."

N. T. Tucker was drafted to make the principal argument for the affirmative and Attorney A. C. Chaney agreed to have charge of the negative. These two gentlemen will speak 45 minutes each and each will select four men to assist him, by speaking on the question five minutes.

Both of the leaders are known to be good speakers and the prediction has been made that the contest will be very interesting as well as instructive. The names of the eight men to be selected by the leaders will likely not be announced until the night of the debate.

'Conrad In Quest of His Youth'

Starring

Thomas Meigham

Kathlyn Williams and Margaret Lomis

Based on the World's Famous Novel

A Paramount Production

"CONRAD IN QUEST OF HIS YOUTH"

To the land of used-to-be. The fancy of the old ever strays.

With quickened pulse and hope he seeks the maid of his dreams.

"CONRAD IN QUEST OF HIS YOUTH"

Love alone is eternal and spans the yawning gully of time.

When youth yields to age there's no road leading back to 17.

"CONDAD IN QUEST OF HIS YOUTH"

Oh vanished youth what wouldn't one give to be young once again.

Middle age oft lingers in fond recollections of youthful days.

If you had seen this picture at the Capitol Theater, Oklahoma City, on April 21st, where it was shown for three days, you would have paid 50c to \$1 for seats—we're showing it at

Hosiery of Style, Quality and Service

The Kind Most Women Demand—

It is in their choice of really good hosiery that thrifty women economize. Such women have learned by experience to shun the "bargain table" in search of hosiery values, unless such values can be identified by the maker's mark.

Allen A Black Cat Hosiery

is staple merchandise of known value and service. The grade and quality is uniformly good and serviceable. And, what is equal importance, the maker's name and Quality Pledge appears on every pair.

For over thirty years Black Cat Hosiery for men, women and children has been the standard of hosiery value among women who buy the best and who know the folly of being tempted to buy anything but the best.

Black Cat Hose are moderately priced as follows:

Cotton.....	25c and 35c
Lisle	50c
Silk.....	\$1 to \$3.50
